

Bushland Protection

what you can do

Saturday, 14 July 2018

*A Workshop on Bushland Clearing and Tree
removal in the Blue Mountains*

- *Are you alarmed by the loss of trees?*
- *Does the amount of bulldozing for developments upset you?*

There have been a number of changes in the laws about land clearing, bushland removal and the cutting down of trees.

How do these apply to the Blue Mountains?

The **Environmental Defenders Office** will inform us about the legislation and processes that now exist to protect bushland here in the Blue Mountains and how to use them.

The **Blue Mountains Conservation Society** is running a free workshop open to anyone interested.

Date: Saturday 14 July 2018

Time: 2pm to 4pm

Venue: Lawson Mechanics Institute

Great Western Highway (Vehicle access via Orient and Yileena Streets)

Blue Mountains Conservation Society Inc.

bluemountains.org.au

Do you want to know **what to do** when :

- Clearing is taking place and you suspect that it is not legal ?
or
- You want to object to a development because of the extensive bushland removal involved?

You will learn:

1. What laws and regulations exist to protect bushland
2. Which government agency can take action
3. How the process works
4. What laws/regulations can be used to argue a case against a potentially damaging development.

For more information and to register your interest in attending, go to the Society website –
