Minister for the Environment

Dear Minister Parker,

Re: Feral Horses in Wollemi Wilderness – Awaiting response

I refer to our letter of 7th October in regard to the Feral Horses in Wollemi National Park.

In this letter we urged you to investigate this priority pest problem, including a review of the pest horse management program for Kosciuszko National Park which has resulted in this release.

Could you please provide an update on your investigations into this matter? The Society would be pleased to assist in any capacity in this regard.

Yours faithfully,
