Dear Ms Markus

**Re: Green Army “upgrade” of bushwalks, Katoomba to Wentworth Falls**

Recently, Society members noticed media publicity about local involvement for the Green Army. We would be much obliged if you could give us some more information about these proposals.

Precisely which sections of track are proposed to be included?

What will be the involvement of the National Parks and Wildlife Service?

What steps are being taken to minimise impacts on local flora and fauna during the activities?

What design protocols will be used to prevent erosion and create appropriate drainage?

We thank you in advance for informing the Blue Mountains Conservation Society of these details.

Yours sincerely

Don Morison  
President
